

Stainless Steel Benching

Acero are leaders in the fabrication of custom stainless steel benching.

Stainless steel allows you to create a bench that is durable and hygienic while maintaining a timeless style. Whether it's a kitchen benchtop or a custom commercial job our experience and first rate craftsmanship mean that we can help bring your vision to life.

1. Choose your profile

2. Choose your substrate thickness

3. Choose your finish

4. Choose your sink

If your bench design includes a sink you can choose any Mercer sink from our new catalogue or website that is able to be installed 'Weld In'. This is indicated at the beginning of each sinkware range in the catalogue with the weld in icon shown below. It is also stated in the specs table under installation on the website product pages.
